MM Docket No. 96-43

In the Matter of

Amendment of Section 73.202(b) RM-8754  
 Table of Allotments,  
 FM Broadcast Stations.  
 (Frederiksted, Virgin Islands)

# NOTICE OF PROPOSED RULE MAKING

Adopted: February 14, 1996; Released: March 12, 1996

Comment Date: May 3, 1996

Reply Comment Date: May 20, 1996

By the Chief, Allocations Branch:

1. The Commission has before it the petition for rule making filed by Jose J. Arzuaga ("petitioner"), proposing the allotment of Channel 296B1 at Frederiksted, Virgin Islands, as potentially the community's third local FM transmission service. Petitioner states his intention to apply for the channel, if allotted.

2. We believe the public interest would be served by the petitioner's proposal, since it could provide Frederiksted with an additional local FM transmission service. However, an engineering analysis has determined that using city reference coordinates (17-42-48 and 64-53-00), Channel 296B1 at Frederiksted is short-spaced to the proposed allotment site for Station WVIQ(FM), Channel 293B, Christiansted, Virgin Islands, and the licensed site for Channel WMEG(FM), Channel 295B, Guayama, Puerto Rico. Therefore, in an effort to resolve the conflict, we sought an alternate channel and have determined that Channel 297B1 can be allotted at Frederiksted in compliance with the Commission's minimum distance separation requirements at city reference coordinates.<sup>1</sup>

3. Accordingly, we seek comments on the proposed amendment of the FM Table of Allotments, Section 73.202(b) of the Commission's Rules, for the community listed below, to read as follows:

		Channel No.
City	Present	Proposed
Frederiksted, Virgin Islands	253A, 278A	253A, <sup>2</sup> 278A, 297B1

4. The Commission's authority to institute rule making proceedings, showings required, cut-off procedures, and filing requirements are contained in the attached Appendix and are incorporated by reference herein. In particular, we note that a showing of continuing interest is required by paragraph 2 of the Appendix before a channel will be allotted.

5. Interested parties may file comments on or before May 3, 1996, and reply comments on or before May 20, 1996, and are advised to read the Appendix for the proper procedures. Comments should be filed with the Secretary, Federal Communications Commission, Washington, D.C. 20554. Additionally, a copy of such comments should be served on the petitioner, or its counsel or consultant, as follows:

James L. Oyster, Esq.  
 108 Oyster Lane  
 Castleton, Virginia 22716  
 (Counsel for Petitioner)

6. The Commission has determined that the relevant provisions of the Regulatory Flexibility Act of 1980 do not apply to rule making proceedings to amend the FM Table of Allotments, Section 73.202(b) of the Commission's Rules. *See Certification That Sections 603 and 604 of the Regulatory Flexibility Act Do Not Apply to Rule Making to Amend Sections 73.202(b), 73.504 and 73.606(b) of the Commission's Rules*, 46 FR 11549, February 9, 1981.

7. For further information concerning this proceeding, contact Sharon P. McDonald, Mass Media Bureau, (202) 418-2180. For purposes of this restricted notice and comment rule making proceeding, members of the public are advised that no *ex parte* presentations are permitted from the time the Commission adopts a Notice of Proposed Rule Making until the proceeding has been decided and such decision is no longer subject to reconsideration by the Commission or review by any court. An *ex parte* presentation is not prohibited if specifically requested by the Commission or staff for the clarification or adduction of evidence or resolution of issues in the proceeding. However, any new written information elicited from such a request or a summary of any new oral information shall be served by the person making the presentation upon the other parties to the proceeding unless the Commission specifically waives this service requirement. Any comment which has not been served on the petitioner constitutes an *ex parte* presentation and shall not be considered in the proceeding. Any reply comment which has not been served on the person(s) who filed the comment, to which the reply is directed, constitutes an *ex parte* presentation and shall not be considered in the proceeding.

<sup>1</sup> The coordinates for Channel 297B1 at Frederiksted are North Latitude 17-42-48 and West Longitude 64-53-00.

<sup>2</sup> Pursuant to MM Docket No. 91-259, Channel 253A was allotted to Frederiksted as potentially the community's second local

FM transmission service. *See* 10 FCC Rcd 6673 (1995). However, a Petition for Reconsideration was filed on July 24, 1995, which is pending.
